English

Cleaning for a Reason is a cleaning service that provides free housecleaning service once a month for 4 months for a woman currently undergoing chemotherapy. The individual must register and her doctor fax a note confirming the treatment.

Cleaning for a Reason will have a participating maid service in her zip code area arrange for the service. Cleaning for a Reason partners with professional residential

maid services who are insured and/or bonded and perform background checks on their employees to participate in this project.

To arrange fill out the [application](#) on the website in its entirety, so the process of matching you with a maid service may begin. If during this process you learn there is no one available, please continue filling out the application, so that the system may continue to search for a match.
