English

Virginia GrandDriver is an educational resource designed to provide Virginians with information and resources about staying safe and mobile on the road as they age.

Virginia GrandDriver:

- Gives senior Virginians and their families suggestions to improve driving skills and provides resources that will help senior drivers compensate for age-related changes so they can stay on the road as safely as possible, for as long as possible.
- Encourages everyone to plan ahead for safe mobility before his or her later years.

Offers suggestions for alternative forms of transportation to help senior Virginians maintain their mobility and independence.

Virginia GrandDriver is an initiative of The Department for Aging and Rehabilitative Services (DARS), Office for Aging Services, Division for Community Living, and is funded by the Virginia Department of Motor Vehicles.

Service Area(s)

Statewide
