Golden Rule Builders (GRB) offers renovation and remodeling for individuals who need adaptive changes to their homes. We follow the ADA (Americans With Disabilities Act) standards to help provide access and address safety and convenience issues in one's home. Bathrooms/bathtubs, as well as doorway access into this room, renovating kitchens, and another remodeling project, are done to help individuals to utilize their appliances better.

GRB can assist with building permanent wheelchair ramps or installing movable modular ramps as well as providing recommendations to help with the "problems" of living in a "split-level" home. GRB can change outdoor knobs to door levers to provide easier access into rooms as well as provide advice on dealing with general access around the home.

The Company has been remodeling for more than 5 years and will provide a 1-year material and service guarantee on any work done. Licensed building contractor does the work; fully insured.
