NetworkWilliamsburg is organized to raise awareness of the needs in the greater Williamsburg area, encourage involvement from the community-at-large, and increase resources available to nonprofits working to meet those needs.

Using an interactive website, the entire community can review and respond to the needs of more than 50 nonprofits in the greater Williamsburg area, including volunteers, services, and program supplies or items that you might have right at home. Community members can also post their own volunteers, items, or services that they have available for a nonprofit or post their [requirement for volunteers](#).

We also have a community-wide calendar that provides one place to see what is happening in the community, including special events, blood drives, educational workshops, etc.
