AT Home Care focuses on bringing compassion, respect, and dignity to those facing a life-limiting illness. Their goal is to maximize the quality of life of an individual with a serious illness, in the comfort of their own home.

Hospice care can also be provided in an assisted living facility, a hospital or long term care unit. They understand that the needs of a family continue after the death of a loved one and that grief has no time table, and follow up with family members to see how they are coping. A grief counselor is available to provide individual support.

Hospice care is covered in part by Medicare, Medicaid and some private insurance companies and some veterans state-funded programs. AT Home Care can help you evaluate your coverage resources.

Tt Home Care, Colonial Heights, is Medicare Certified.
