Languages Spoken

English

Our recreational therapy program, also known as therapeutic recreation, can vary depending on the individual needs of the patient. This form of therapy is used to help disabled individuals improve their quality of life and become a more productive person. By incorporating social activities in a community setting, we are able to help reduce their anxieties and depression, while aiding to any physical functionality issues they may be experiencing.

Community and Recreation events including support groups, accessible travel, adaptive sports, special events and Club Rec, a day recreation program, are available on the [website](#).
