

Clinical Research, Amyotrophic Lateral Sclerosis (ALS)

An organization whose primary activities are Amyotrophic Lateral Sclerosis (ALS) research addressing physical, behavioral, or social issues. These are not the organizations funding research but those completing research, including pharmaceutical companies. These programs conduct research which focuses on human diseases with the objective of improving human health.

Article

Amyotrophic Lateral Sclerosis

Amyotrophic lateral sclerosis (ALS) is a nervous system disease that attacks nerve cells called neurons in your brain and spinal cord.
