

Ride App Services

Ride app services include ridesharing and transportation network companies like Uber or Lyft. These companies provide prearranged ground transportation that is booked on an app or website and connects passengers with drivers who use their own non-commercial vehicles.

Apps

[Uber](#)

Uber is a ridesharing app for fast, reliable rides in minutes—day or night. There’s no need to park or wait for a taxi or bus. With Uber, you just tap to request a ride, and it’s easy to pay with credit or cash in select cities.
